(Excerpt - Memorandum of Decision Motion Nos.
105 and 110)

THE COURT: So the Court has reviewed the paper
-- unredacted copies of the paperwork. The Court has
also taken a look at 17a-28 and the Court will note
that while there is usually a presumption that
courtroom proceedings and filings shall be made
public, in this particular case there is an interest
overriding the public's interest in having access to
this documentation, and that is best evidenced by the
legislature's enactment of 17a-28. The privacy
interest of the family's and the children at stake in
this case, as well as to the extent there's treatment
records of a juvenile, that overrides the public's
interest in having access to these documents in this
proceeding. So the Court is going to grant the
motion to seal. I will order counsel that in the
future if you file any documents, obviously,
referencing the DCF investigation and/or treatment of
the children at stake in this case, that they be
redacted copies be filed with the Court and the
unredacted copies be filed under seal. The Court
believes that this is narrowly tailored to protect
the interest at stake in this case and there's no
lessor -- or less -- no other way that I can proceed
to protect the interest as recognized by the
legislature in this particular case. So the Court

1 will grant the motions at 105 and 111.

2 Is there anything else that we need to handle
3 today?

4 I'm sorry. 105 and 110.
